The National Shared Services Office (NSSO) wish to advise that following the transition to a new banking arrangement, the date now displaying on your payslip on the Core Portal is the bank processing date.

This does not affect the date of the payment of your salary/pension. Payment of salary/pension continues to be made on the same date as heretofore.

Payslips that issue to those not using the Core Portal, are not affected.

Please be assured that any required changes to payment dates due to bank holiday etc. are notified in advance by the NSSO.

Customer Relations and Support Services,

National Shared Services Office.
